MRS. HUGHES

Mrs. Hughes has been one of our class advisors throughout our senior high years. She has been more than willing to give of her time for the benefit of our class's extra-curricular activities.

As one of the sponsors of the HI-LIGHTS, Mrs. Hughes has given freely of herself for the success of our school newspaper. With the adoption of the club program she has also organized the French Club which has been helpful to the students involved.

Mansfield High School has certainly lost a fine and dedicated teacher and to Mrs. Hughes we say "Au Revoir".

IN HONOR OF SERVICE

MRS. STRAIT

Mrs. Strait will undoubtedly be one of the teachers that will be greatly missed by Mansfield High School. Her dedication and willingness to assist any class has made her a valuable asset to our school.

In previous years, Mrs. Strait has advised the Student Council and helped them through many trying situations. As a sponsor for the Future Teachers of America, she helped to establish the first chartered chapter of the FTA in Mansfield High School.

Because of her deep concern for every student as an individual, she has aided many in their choice of a career. She has passed on her interest in world and national affairs, making all of her students better prepared citizens.

All of us at Mansfield wish to express a sincere thank you for her many years of guidance.

By the time you receive this book you will have entered into a world where you must accept the responsibility for your decisions and your actions. The manner in which you accept this responsibility will in a large measure determine the kind of person you are to become. This is the challenge of life, the opportunity and the right to choose. We trust your educational training will help you to choose wisely and well.

We wish you success in whatever task or endeavor you undertake. We hope that in years to come you will be able to look back on your life and its achievements with a feeling of real satisfaction, knowing that you have done your very best. The world can expect nothing more. Be satisfied with nothing less.

MANSFIELD JUNIOR-SENIOR HIGH SCHOOL

TO THE CLASS OF 1968

Mankind has lived through all types of "ages"—from the Stone Age, Renaissance, Middle Ages, Age of Flight, Space Age, etc. One can designate any period in history by some name depending upon what is his greatest concern at the moment.

You are graduating in the "Age of Controversy." A time when people are concerned and argumentative over the war in Viet Nam; the race problems; the Jupiter affair; the question of "moon landings;" Medicare; Presidential election year; housing development; traffic problems; flood control—the list seems never ending.

I hope that we have helped to prepare you for this "Age of Controversy." Study both sides of any controversy. Praise without stint—good work done by public servants, regardless of party. If criticism is merited, criticize helpfully, never spitefully.

Make up your mind from facts, not from somebody's opinions. Allow no man to do your thinking for you.

Sincere best wishes to each of you.

IN TRIBUTE

Mr. Hutcheson

We, the class of 1968, wish to express our deep appreciation to Mr. Richard Hutcheson for his help during the past two years.

As advisor of the yearbook he has given freely of his time to make this a successful project. He was instrumental in creating the club program and his help and advice on the magazine sales gave us an insight into the business world.

A touch of humor has been added to our school by his timely photographs. Around any corner, Mr. Hutcheson can be found hiding behind his camera ready to take a shot of any candid situation.

Through his teaching of economics and business courses, he has guided the entire Senior Class in becoming more aware of the world and its problems. These values will remain with us longer than many of our other experiences.

From all of us comes a deep admiration and a heartfelt thanks for the time and effort Mr. Hutcheson has given to our class.

IN MEMORIAM

On May 4, 1968, we, the members of the Sophomore class were made to realize with stark reality how frail and mortal man is when our classmate, George Wood lost his life at the age of seventeen.

George was part of a closely-knit family and was never very far away from home. Here he helped his father with the chores such as cutting wood later to be sold to help the family income. To earn spending money, he helped neighbors during haying season and tended their cattle.

Realizing the need to secure as much education as possible, George planned to attend the Technical Institute in Williamsport where he would have majored in auto mechanics. To prepare for his future vocation he was dedicated to his hobby of repairing old cars, some of which he sold for a profit.

While not a hunter or fisherman, he loved the outdoors, particularly the hills and mountains of Tioga County. Here he would hike slowly in order to study the birds and animals.

George is survived by his parents, a brother, thirteen, and a sister less than a year old. It is some consolation, to those who mourn his death, that he died happy, active in doing the thing that he liked to do.

PATRICIA MUNOZ. DUESO.

"I came from Vina Del Mar, Chile. Mansfield High School means a lot to me. When I leave I am going to miss everybody because I have enjoyed myself, and the students have been very nice to me."

Petite Pat came to us bringing a lively personality and a keen sense of humor. She has taken an active part in many school activities, including physics class. When Pat returns home she will be greatly missed by all the students here.

ADIOS NUESTRAS AMIGAS

CARMEN PATINO

"Although little, Mansfield is a very pretty town. The people of Mansfield are amiable and friendly. I am very happy to stay with you. I have learned many things about your customs, life systems, etc. In the school, I enjoy but study a little in order to learn English. I hope that the next time that I come over here I will be able to speak better."

Although Carmen speaks little English, she is always eager to participate in a discussion or debate. She hails from Guayaquil, Ecuador and when she returns plans to become a lawyer. Carmen has been active in business administration and typing classes at MHS.

MISS MANSFIELD

KATE CUNNINGHAM

"The young lady must possess beauty, poise, charm, personality, and be ever mindful of her personal appearance and behavior, as these are the qualities on which she will be judged."

Because of the above, Kate Cunningham was chosen "Miss Mansfield of 1968." She has participated in many extra-curricular activities including the student council, the prom committee, and the yearbook staff. Voted happiest by her class, Kate's wit and sense of humor are very evident wherever she is. We will be very proud to have Kate represent our school at the State Laurel Festival in June.

WRESTLING

Under Coach Barr, our wrestling team has shown their good sportsmanship and willingness to work. The future years look very promising because all the lettermen will be returning. Although the boys did not have an outstanding season, they worked hard and deserve a lot of credit.
